Forecast for Tuesday 26 Apr 2022

Weather: A bright start for most, but there may be some cloud covering a few far eastern slopes around dawn. This soon clearing where it occurs with skies turning turning cloudier into the afternoon as fair weather cloud tends to bubble up, though remaining bright with high UV. Dry throughout.

Chance of cloud-free hill tops above 600m: 90% to start, becoming 100% into the morning.

Low cloud and visibility: Some isolated patchy cloud between around 100-400m may affect eastern slopes around dawn, bringing some locally poor visibility, but these clearing into the morning where they occur to leave all cloud bases above the summits and good visibility at all levels.
